Collaboration, Problem-solving, Communication, Time management, Result-oriented

Additional Skills

Research, Leadership, Testing and Debugging

Languages

English, Hindi

Certifications

- Certified Ms Excel

Work Experience

Upskillmafia
Senior Developer
Feb, 2024 - Sep, 2024
I guide students on their coding journey, having successfully mentored over 100 learners, helping them improve their skills and achieve their development goals.

- I have developed over 50 mini projects, showcasing my expertise in frontend development using React and Tailwind CSS.
- I developed a responsive portfolio using only HTML and CSS.
- I established and led a team of 6, covering key roles during early stages, and actively participated in various hackathons, guiding the team to success.
- Previously, I served as Dev Rep in a Dev club, where I led various sessions and organized bootcamps for beginners, helping them gain essential development skills and knowledge.

Gyantech
Mentor of Front End Web Developer

- As a mentor for Front End Web Developers, I provide hands-on guidance in mastering technologies like HTML, CSS, JavaScript, React, and Tailwind CSS. I focus on building strong foundational skills, solving real-world challenges, and fostering growth in every student's coding journey.

Projects

Responsive portfolio
Vikash Shakya's portfolio showcases his skills as a frontend developer, highlighting expertise in web app

- Portfolio highlights Vikash Shakya's frontend development skills.
- Sections include qualifications, services, achievements, and projects.
- Displays recent projects like animation slides and form validation.
- Showcases academic background with a Bachelor's degree in Computer Applications.
- Includes a "Connect with me" section for LinkedIn and Instagram networking.
- Emphasizes expertise in web, app, and database development.

Quiz App
Technologies: React Native, Vanilla CSS

- Developed a quiz app featuring multiple-choice questions, timers, and score tracking.
- Designed a responsive and user-friendly interface with vanilla CSS.
- Implemented smooth navigation and performance optimization.
